

# Benedict's Place

New Affordable Senior Living  
Cherry Hill, New Jersey

Located on a 4.3-acre landscaped site on St. Mary's Drive, the front entrance features a welcoming canopy and an adjacent porch for outdoor relaxation.

## Benedict's Place Senior Housing—gracious indoor and outdoor living

Each of the 73 one-bedroom apartments in the building's three wings is close to the centrally located elevators. The open plan of the 540-sq-ft units has a combined living/dining room conveniently open to the fully equipped kitchen for ease of access. All units are constructed to meet the Barrier Free Code. Bathrooms have required fixtures and clearances, while kitchens have wheelchair-accessible counters and removable cabinets. The building is Energy Star certified.

### An environment for independent living

Benedict's Place's design encourages individual and community activities. Each floor has its own social room. On the main level are the building's lounge and a separate 1,100-sq-ft event room
